Some features might be unavailable in your organization. For details, contact your administrator.

Active call transfer to a Messaging mailbox

Transferring a call to a Messaging mailbox from a telephone that has a Messaging mailbox

The steps to transfer a call varies with the telephone system you use.

1. During an active call, press **TRANSFER** or dial the keys or codes to transfer the call.

2. Enter your Messaging access number or press a pre-configured or a speed-dial button that automatically dials your Messaging access number.
Messaging access number is your pilot number.
3. When the system answers, press star (*).
4. Enter the recipient's mailbox number.
5. To complete the transfer, press **TRANSFER** or hang-up.

Transferring a call to a Messaging mailbox from a telephone that does not have a Messaging mailbox

The steps to transfer a call varies with the telephone system you use.

1. During an active call, press **TRANSFER** or dial the keys or codes to transfer the call.
2. Enter your Messaging access number or press a pre-configured or a speed-dial button that automatically dials your Messaging access number.
Messaging access number is your pilot number.
3. Enter the recipient's mailbox number.
4. To complete the transfer, press **TRANSFER** or hang-up.
