Avaya OneCloud™ Subscription Licensing Supplement

Issue 1.5

Date October 15, 2020
A. Overview Avaya OneCloud™ Subscription Licensing

Avaya OneCloud™ Subscription Licensing is a software licensing model where software bundles are licensed to users at a per license/agent subscription price which includes:

- License to use eligible software;
- Software Upgrade subscription entitlements; and
- Remote technical support entitlements.

B. Software Eligible for Subscription

The following Avaya software packages are available to be purchased in the Avaya OneCloud™ Subscription Licensing model:

<table>

*does not include overage entitlements

Overage entitlement: Many Avaya OneCloud™ Subscription Licensing bundles include a 20% overage above the contracted number of Subscription Licenses. (Those bundles identified by an asterisk do not include the overage entitlement.). Customers have access to this overage during the contract period without any additional fees. Customers can grow beyond the overage by purchasing additional Avaya Subscription Licenses which will be co-terminous with their existing Avaya OneCloud™ Subscription Licensing order.
Please note: The 3rd party CTI (TSAPI BASIC and/or DMCC) do not include overage for Grandfathered licenses the customer currently has when converting their existing installed base into Subscription. Customers are entitled to overage for any new/additional 3rd party CTI.

C. Support Coverage

All Avaya OneCloud™ Subscription Licensing bundles include Support Advantage Preferred with Upgrade Advantage. Support entitlements are contingent upon meeting the requirements and fulfilling the Customer responsibilities detailed in the Support Advantage Preferred Service Agreement Supplement. Details about Support Advantage Preferred can be found in the Service Description; Service Agreement Supplement document at https://downloads.avaya.com/css/appmanager/css/P8Secure/documents/101062743

D. Conversion of legacy licenses

Avaya Aura® R6.3.118 Load 141 and R7 licenses may be converted to Subscription Licensing. The feature entitlements and 20% overage for these licenses will be limited to those available on such releases and are subject to Avaya Product Lifecycle Policy found at https://downloads.avaya.com/css/P8/documents/100081098

E. Avaya Spaces service entitlement

Each user or agent bundle is entitled to an Avaya Spaces user account during the Subscription License Term, where available. Avaya Spaces is a hosted offer and is not available in all geographies. If Spaces is not available from the seller in the geography where the Subscribed Licenses are purchased, then Customer is not entitled to receive it during the Subscription Term as part of the Subscription bundle. The Customer will need to register on http://avayaspaces.com to activate the service. The Avaya Spaces service is subject to the then-current Service Description, Subscription Services Terms and the Terms of Use set forth on the Avaya Spaces website, a copy of which is available at: https://support.avaya.com/helpcenter/getGenericDetails?detailId=C2009223142629795043

F. Conversion of Perpetual Licenses to Avaya OneCloud™ Subscription Licenses

At the time of conversion or upgrade to Subscription Licensing, the End Users may convert their perpetual licenses into Subscription Licenses on a per System basis. Avaya perpetual licenses may be surrendered as part of a conversion to Subscription Licensing and receive Investment Protection Program credits. To be eligible for Investment Protection Program credits, perpetual licenses must be under and remain under a current contract for Avaya-provided maintenance support until the effective date of the Subscription Licensing Term.

End Users will receive a credit for the quantity of eligible perpetual licenses converted to Subscription Licenses not to exceed the quantity of Avaya Subscription Licenses purchased.
Credits are applied as a reduction in the price of the Subscription License for the converted license for the initial Subscription Term of the Subscription License. If the initial Subscription License Term of the Subscription License is extended, the licenses will be renewed as Subscription Licenses at then-current rates. Investment Protection Program credits do not extend past the first Subscription License Term.

Perpetual license quantity and type chosen to convert to Subscription Licenses will be deleted from the Avaya End User record of perpetual licenses at the time of upgrade and conversion. All rights granted by Avaya under these perpetual licenses will immediately terminate upon conversion and Customer shall return or destroy tangible editions of such perpetual licenses.

G. Supported Avaya OneCloud™ Subscription License Use Cases

A Customer network may include a single System instance or may be part of a larger network made up of multiple System instances. Customers have the flexibility to choose to deploy perpetual licenses or Subscription Licenses on each of their Workplace and Contact Center System instances but cannot mix Subscription Licenses and perpetual licenses within the same System.

- Some Examples:
  - Within a System instance a customer may choose to deploy 1000 Core Suite Subscription Licenses and deploy 150 Avaya Elite Introductory Agent as Subscription Licenses.
  - Within a System a customer may choose to deploy Core Suite with 1000 Core Suite Subscription Licenses and deploy 150 Avaya Elite Introductory Agent as perpetual licenses.
  - Within a System a customer may not choose to deploy Core Suite with 1000 Core Suite Subscription Licenses and deploy 150 Core Suite as perpetual licenses.
  - A customer may deploy one System with 2000 Core Suite Subscription Licenses and a second distinct system with 1000 Core Suite as perpetual licenses.

H. New and Add/Expansion

Subscription Licensing is supported for new licenses and add/expansions in accordance with Avaya’s Product Lifecycle Policy found at
https://downloads.avaya.com/css/P8/documents/100081098

I. Term

The “Subscription License Term” for Subscription License(s) is the specific term during which the Subscription License(s) will be available for the End User’s use. The length of the term shall be identified on the Customer order form.

Subscription License Term options include 1 year, 3 year or 5 year terms.
J. Subscription License Term Start Date

Unless an earlier date is specified in an order, the Subscription License Term for the Subscription License(s) will commence and be chargeable as follows:

New System builds:
- If Avaya sells and installs the Subscription Licenses directly, the Subscription License Term will commence on the date Avaya notifies the Customer that the Subscription Licenses are installed according to specifications.
- If Avaya sells the Subscription Licenses directly, but does not install the Subscription Licenses, the Subscription License Term will commence on the earliest of the date when Subscription Licenses (i) features are enabled, (ii) is downloaded to the target processor or (iii) is physically delivered to the End User premises.
- If the Subscription Licenses are purchased through an Avaya channel partner (including Support Advantage Retail), regardless of what company installs the Subscription Licenses, term will commence on the first day of the second month following the order of the Subscription Licenses.

K. Conversions to Subscription Licensing:

If the Subscription Licenses are replacing existing perpetual licenses being transitioned from an existing maintenance support order, the Subscription License Term starts on the start date specified on the order.

Additions to an existing Subscription License Terms:

Subscription Licenses which are being added to an existing Subscription License Term are effective on the 1st day of the first month following Avaya’s acceptance of the order for additional Subscription Licenses.

L. Invoicing

Invoicing is in advance at the frequency identified on the order form. Monthly or annual in advance invoicing options are available.

M. Pricing and Product Subscription Material Codes

Subscription Licenses are ordered and invoiced using specific material codes provided by Avaya or the Channel Partner. Pricing will be provided per Subscription License Bundle for the specific Bundle metric, and based on the length of the Software Subscription Term.

N. Renewal of Coverage

To assure continuity of service and availability of the licensed solutions, Avaya Subscription Licensing will automatically renew at the end of the term for a similar term length at then current pricing unless either party provides written notice of its intent not to renew such coverage at least 30 days prior to the renewal date. If a customer is a direct Avaya customer located in the EU the Subscription Licenses Term will automatically renew for one year at then current pricing unless either party provides written notice of its intent not to renew such coverage at least 30 days prior to the renewal date. If shorter renewal terms are required by local country laws or regulations, the
Subscription License Term will automatically renew for at least one year, or for the maximum Term permitted by such local country laws or regulations, and Avaya will notify customer of same.

O. Termination

The Customer may terminate a subscription in its entirety during the Subscription License Term upon thirty (30) days’ written notice subject to termination fees equal to 50% of the remaining unpaid balance of Fixed Fees for the remainder of the Subscription License Term.

Please note that for Workforce Engagement, customer can terminate after 28 months of subscription contract and the termination fees equal are 60% of the remaining unpaid balance of Fixed Fees for the remainder of the Subscription License Term.

P. Customer Responsibilities

To fully enable the Automated Service Enabled Architecture of the Avaya OneCloud™ Subscription Licensing deployed into the customers environment, the customer is responsible to:

- To meet certain load line requirements to enable the offering
- To deploy and ensure service continuity of the Usage Metering (UM) Collector
- Fulfill the Customer responsibilities detailed in the Support Advantage Preferred Service Agreement Supplement

Avaya Professional Services offers paid for Services in support of deploying Usage Metering if customers need assistance.

Q. About this Document
