REPORTING

There are several reports that can be generated in PLDS. PLDS’s reports can be scheduled.
Go to Reports
Expand the needed reports

There are several folders with reports. Expand the needed one.
Select the needed report

Click on Run for the needed report.
Search for the entitlements

The easiest way to search for the entitlements to generate the report is by using the LAC, but it’s not the only method. Reports can also be run for an Entitlements ID, Sold To #, etc. Some other options can be found under [Advanced Search].
## Results

### Entitlement Extract Report
