

VIEW ACTIVATION HISTORY

This process shows how to see transactions for a license host.

Activations, deactivations, rehosts and any other changes to a License Host will be shown under the transactions.

Go to Activation – View Activation Record

The screenshot displays the Avaya Activation Management web application. At the top, the Avaya logo is on the left, and a navigation menu includes Home, Assets, Activation, Reports, Administration, Help, and Log out. The 'Activation' menu is open, showing options: Activation Dashboard, View Activation Record, Activate, Upgrade, Rehost/Move, Regenerate, De-Activate, Transfer License Host, and Troubleshooting License. A mouse cursor is positioned over 'View Activation Record'. Below the menu, the 'Home' section shows the user is logged in as Florencia Ederli. A 'Quick Activation' section contains instructions and buttons for Activate, View Activation Record, Rehost/Move, and Regenerate License/Key. The main content area is divided into three columns: Asset Mgmt (Asset Dashboard, View Entitlements, Move Entitlements, More...), Activation Mgmt (Activation Dashboard, View Activation Record, Activate, More...), and Reports (Reports). An Administration section at the bottom left includes My Profile, My Users, My Company, and More... A footer contains links for Terms of Use and Privacy Statement, and a copyright notice for 2010 Avaya Inc.

Search for the Host

The easiest way to search for a License Host is by using the Host ID (which is the MAC address from the server), but it's not the only method.

Hosts can also be found by License Host (name given to the machine in PLDS), Sold To #, etc. Some other options can be found under [Advanced Search].

The screenshot shows the Avaya web interface for searching activation records. At the top left is the Avaya logo. A navigation bar contains links for Home, Assets, Activation, Reports, Administration, Help, and Log out. On the left side, a sidebar shows the user is logged in as Florencia Ederli and lists various navigation options under 'Activation', including 'View Activation Record' which is highlighted. The main content area is titled 'Search Activation Records' with a help icon. Below the title is a 'Return' button and a search form. The form includes a 'Return' button, a search instruction, a note about wildcard searches, and a yellow warning box stating that at least one of Company, License Host, Host ID, or LAC must be provided. The form fields are: %Company (empty), %License Host (empty), Host ID (00-0C-29-42-CA-8A), %Group name (empty), %Group ID (empty), and Application (dropdown menu). At the bottom of the form are two buttons: 'Search Activation Records' and '[Advanced Search]'. A mouse cursor is pointing at the 'Search Activation Records' button.

Select the Host

Depending on the way you searched for the host, you may have more than one result. Look for the one you need and click on [View].

The screenshot shows the Avaya Search Activation Records page. At the top, the Avaya logo is on the left, and navigation links (Home, Assets, Activation, Reports, Administration, Help, Log out) are on the right. Below the navigation is a red header bar with the text "Search Activation Records" and a help icon. A "Return" button is located below the header. On the left side, there is a sidebar menu with the text "Logged in as: Florencia Ederli" and a list of navigation options including Home, Assets, Activation, and various sub-options under Activation. The main content area contains a search form with fields for %Company (set to "AVAYA -- ALL DOWNLOADS; NJ; United States"), %License Host, Host ID (set to "00-0C-29-42-CA-8A"), %Group name, %Group ID, and Application. Below the search form are two buttons: "Search Activation Records" and "[Advanced Search]". Below the buttons, it says "Showing: 1-1 of 1". A table with one row and four columns is displayed. The columns are "Options", "License Host", "Host ID", and "Applications". The "License Host" column contains "00-0C-29-42-CA-8A" with a "View summary" link. The "Host ID" column contains "00-0C-29-42-CA-8A, F0-DE-F1-4A-ED-D7". The "Applications" column contains "Communication Manager, Session Manager, Communication Manager Messaging, Presence Services". Below the table, it says "Showing: 1-1 of 1".
